New York, NY

Manager

Background

Daniel Dwoskin is a manager specializing in intellectual property litigation at Elysium Digital. Daniel has consulted as a technical expert on over 25 unique matters, during which he has developed skills analyzing source code; processing, overseeing, and performing analyses of large datasets; developing extensive custom toolsets; drafting expert reports and other court documents; and helping prepare for depositions.

Daniel graduated from the University of Illinois Urbana-Champaign with a B.S. in computer science and mathematics and previously interned at ITN Networks where he worked on web development and database management. Daniel has experience developing in Java, C, C++, Python, SQL, PHP, Haskell, x86, MIPS, and Verilog and has worked on projects related to database management, content similarity detection, source code quality analysis, web scraping, complex machine logfile analysis, multithreaded programming, digital forensics, designing algorithms, computer architecture, and security.
