165 Broadway
New York, NY 10006

Background

Daniel Dwoskin is a consultant specializing in intellectual property litigation at Aon. Daniel has developed casework experience analyzing source code, performing analyses on large sets of data, and helping prepare for depositions.

Daniel graduated from the University of Illinois Urbana Champaign with a B.S. in computer science and mathematics and previously interned at ITN Networks where he worked on web development and database management. Daniel has experience developing in Java, C, C++, Python, SQL, PHP, Haskell, x86, MIPS, and Verilog and has worked on projects related to database management, multithreaded programming, digital forensics, designing algorithms, computer architecture, and security.
